

Dear Travelers,

For your convenience we have provided a list of nearby Hotels. See below.

We have called and checked to see which ones allow pets and which do not.

Because hotel policies can and do change, please make sure when you are making your arrangements you confirm a) that they still allow pets b) if there are any restrictions (i.e. weight, breed, # of pets) c) if proof of vaccinations are required d) are there any extra/additional charges or deposits.

Please remember to use the utmost care when staying at a hotel with your dog(s). The increasing number of responsible and respectable dog owners out there, the more it will help to pave the path & allow dogs in more public places. Being a professional training facility we want to keep a good working relationship with these hotels and instill good experiences for all involved.

Allows Pets	For Those WithOut Pets
